

Water Quality Results Certificate

Client: PTP Coaching

Certificate reference:

TSBN1560695-1

Report date:

16/06/2022

Analysis start date:

13/06/2022

Sampling Results

Sample 1			
	Results	EC Bathing Water Directive (76/160/EEC)	EC Bathing Water Directive (2006/7/EC) (For inland waters)
Total coliforms (no/100 ml)	43	Pass Guideline	-
E. coli (no/100 ml)	42	Pass Guideline	Pass Excellent
Enterococci (no/100 ml)	0	-	Pass Excellent

Sample 2			
	Results	EC Bathing Water Directive (76/160/EEC)	EC Bathing Water Directive (2006/7/EC) (For inland waters)
Total coliforms (no/100 ml)	4	Pass Guideline	-
E. coli (no/100 ml)	4	Pass Guideline	Pass Excellent
Enterococci (no/100 ml)	12	-	Pass Excellent

Algae Sampling Results

Sample 1			
Algae species	Algae type	No of colonies or filaments/1ml	No of Cells/ml
None detected	Blue Green	0	0
Total cells/ml:			0
WHO rating:			N/A

Water Quality Results Certificate

Comments

The samples were examined for the presence of Cyanobacteria at x400 magnification. 200ml of the sample was then filtered to concentrate the algal cells and then examined at x200 and x400 magnification.

No live cyanobacteria was found in the sample.

The sample contained some dead organic material and 'resting cysts' of some plankton (Euglena), indicative that the sample may have been taken a few days ago. Whilst there was no indication of large amounts of plankton of any species this sample is not conclusive.

The World Health Organisation (WHO Rating) above indicates levels of algae present in the sample(s), against WHO guidance values.

The testing results in this certificate relate only to the samples described above. Unless otherwise stated, all results are expressed on an as received basis. All analysis was carried out in UKAS accredited laboratory. Please visit www.swim-safety.co.uk/results-guidance/ for more info on results thresholds.
